
Acrylic paint

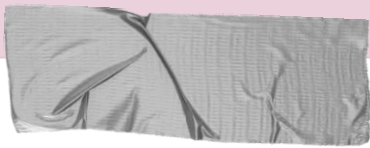

Joury Al Ghamdi

What is acrylic painting?

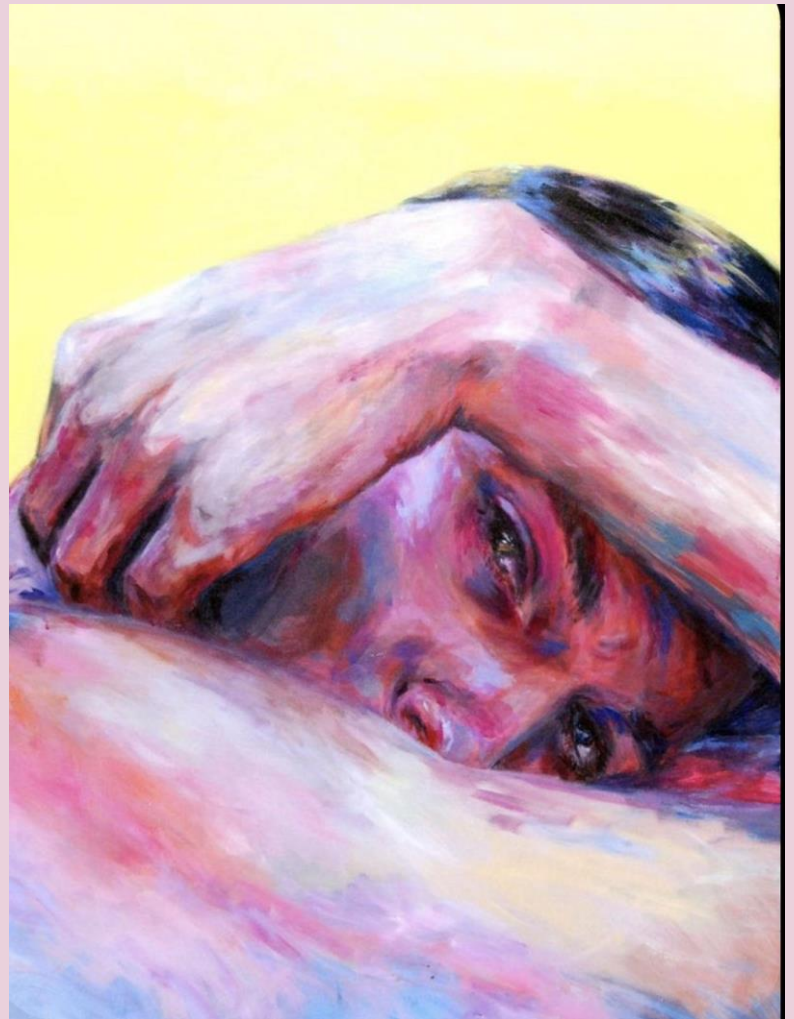

Acrylic paint is a fast-drying paint made of pigment suspended in a synthetic polymer emulsion. Acrylic painters can modify the appearance, hardness, flexibility, texture, and other characteristics of the paint surface by using acrylic mediums or simply by adding water.

Materials:

1. Canvas
2. Brushes
3. Water
4. Paint
5. Pencil

Steps:

- 1: finding the inspiration painting
- 2: Start to sketch on a paper
- 3 :Paint the background color on the canvas and the edges
- 4: draw over the background. The layout if the picture using a pencil
- 5: Then start painting the actual picture
