

Wire Art

Made By: Yara Al-delgawi

What is wire art?

Wire sculpture is the creation of sculpture or jewelry (sometimes called wire wrap jewelry) out of wire. The use of metal wire in jewelry dates back to the 2nd Dynasty in Egypt and to the Bronze and Iron Ages in Europe. In the 20th century, the works of Alexander Calder, Ruth Asawa, and other modern practitioners developed the medium of wire sculpture as an art form.

Extra Informations

What is the purpose of wire sculptures?

Many wire sculptors use the art to craft stunning jewelry, while some artists choose a less complicated approach, forming decorative shapes and figures that are beautiful in their simplicity.

What do you use for wire art?

When it comes to wire art, it's easiest to use something between a 12 and 20 gauge. The 12 gauge is the most difficult to bend with your hands though, and you may need some pliers.

Supplies

Wires

it's easiest to use something between a 12 and 20 gauge

1

Pliers

To bend the wire

2

Wire Cutter

To cut the wire if needed.

3
