

# Art project 2

---

Zaina Sejini

# What are acrylic paints?

---

- Acrylic paint is a fast-drying paint
- Acrylic paints are water-soluble, but become water-resistant when dry.

# What are the materials that you will need?

---

- Acrylic paints: black, blue, turquoise/green, White.
- Small canvas
- Brushes
- Black pen

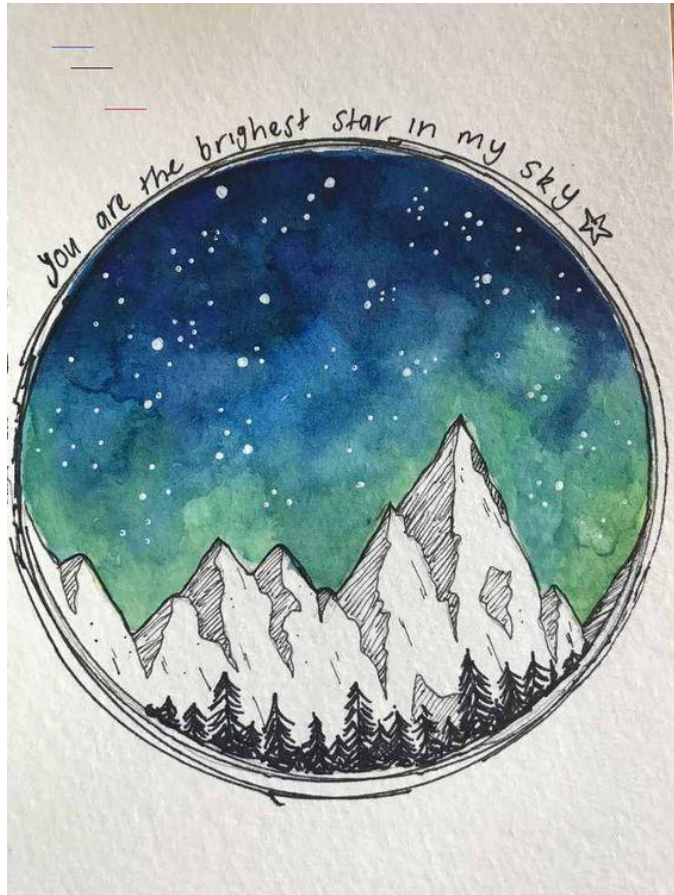

# The steps

---

- Draw the outline of the mountains so you don't get paint on them
- Blend the paint: black then blue then turquoise.
- Splatter the white to make it look like stars
- Shade the left side of each mountain with the black pen
- Clean up the edges with some white paint
- And then your done.

# Examples

---

Thank You!!!
